

ZenoxHeal Founding Team Statement

Date: August 2025

Version: v1.0

1. Introduction

We, the founding team of ZenoxHeal, are pleased to announce the official launch of the ZenoxHeal DAO and the Gold Partner Membership NFT. This statement represents our shared vision and commitment to building a community-driven wellness ecosystem.

2. Our Commitment

- **Community First:** ZenoxHeal DAO is designed to be a member-governed system, where every Gold Partner NFT holder has the right to participate in decisions.
- **Gold Partner NFT:** The NFT is our only official membership badge, serving as a digital credential for DAO access, community participation, and ecosystem benefits.
- **Transparency & Trust:** We are committed to openness in governance, publishing key decisions and updates for all members.
- **Vision for the Future:** Together, we will shape a global Web3 wellness platform, integrating AI-powered guidance, immersive digital experiences, and collective growth.

3. Member Responsibilities

- Keep your wallet and credentials secure.
- ZenoxHeal will never ask for your private keys or seed phrases.
- Participation is voluntary; each member is responsible for following their local laws.

4. Closing

The ZenoxHeal Gold Partner NFT is a utility-based credential. It is not an investment or a financial product. Participation in the DAO is voluntary and at members' own discretion.

The founding team thanks all early members for joining this journey. With community governance at the core, ZenoxHeal will grow stronger together and build a wellness ecosystem for the future.

5. Privacy Notice

ZenoxHeal DAO collects only minimal information necessary to provide services, such as wallet addresses and optional contact information (e.g., email). This data is used solely for membership verification, governance participation, and official communications. ZenoxHeal does not sell, trade, or share personal data with unauthorized third parties. For full details, please refer to the ZenoxHeal Security & Privacy Policy (Full, Document No. 7).

6. Disclaimer

The ZenoxHeal Membership NFT and related services are intended strictly as **utility credentials** within the ZenoxHeal ecosystem. They do not represent securities, shares, equity, or financial products of any kind. Participation in ZenoxHeal DAO activities is voluntary and undertaken at members' own risk.

ZenoxHeal DAO and its founding team shall not be liable for losses resulting from blockchain volatility, gas fees, third-party service interruptions, wallet mismanagement, or phishing and cyberattacks. Members are responsible for safeguarding their private keys and ensuring compliance with their local legal and tax obligations.
